Quality Policy

Inwatech Environmental Ltd. is a company providing services associated with design, supply, construction, ownership, operations and maintenance to cater for the infrastructure needs of public and private sector clients in Hungary and throughout Europe.

The nature of Inwatech's activities places particular emphasis on expertise, experience, capability and reliability. Inwatech's staff shares responsibility for the quality of services supplied to clients, creating and maintaining a safe and healthy working environment, and ensuring that projects are completed in an environmentally responsible manner. The declared objectives of the management of Inwatech, as set out in its Business Plans, is to provide expertise and services to ensure that the needs and expectations of its clients are met in an efficient and effective manner and in compliance with relevant statutory and regulatory requirements. Specific objectives and targets will be set for each project undertaken by Inwatech in alignment with its Business Plan and clients' expectations.

In order to achieve the objectives, Inwatech has established and maintains a Quality Management System, which has been planned and developed in conjunction with other management functions of the company. Conformance to the system requirements is to be judged on the basis of objective evidence. Inwatech strongly promotes continual improvement of business practices and services supplied to its clients. The requirements of the Standards EN ISO 9001:2008 and EN ISO 14001:2004 form the basis of the Inwatech's Quality Management System. Inwatech's Quality Manual and the systems outlined therein describe how the Quality Management System is designed to ensure that all quality and regulatory requirements are recognized and that a consistent and uniform control of these requirements is established, implemented and maintained.

This policy is issued to clearly indicate the attitude of the company to quality since such actions are essential to the strategic direction of Inwatech Environmental Ltd, its reputation and client, shareholders and employee satisfaction. This Quality Policy is basic to the company's operation and all levels of management across all offices and construction sites are to actively support its principles.
